EDUCATION

Seoul National University of Science and Technology (SeoulTech), Seoul, South Korea

Ph.D. in Computer Science and Engineering

Sep. 2026 – Present

Shahrood University of Technology, Shahrood, Semnan Province, Iran

Master of Science in Computer Engineering – Artificial Intelligence

Sep. 2020 – Sep. 2022

- GPA: 4/4 , **18.59/20**
- Advisor: Mansoor Fateh

Shahrood University of Technology, Shahrood, Semnan Province, Iran

Bachelor of Science in Computer Engineering – Software

Sep. 2015 – Sep. 2019

- GPA: **3.53/4** , **16.92/20**
 - Advisor: Mohsen Rezvani
-

RESEARCH INTERESTS

Machine Learning, Deep Learning, Generative AI, Computer Vision, Medical Image Analysis, Limited Data Solutions, Domain Adaptation, Quantization-Aware Training

JOURNAL PUBLICATIONS

A. Fateh, Y. Rezvani, **S. Rezvani**, S. Moayedi, F. Fateh and M. Fateh. "Swin-HAFNet: A Hierarchical Multi-Task Transformer for Brain Tumor Segmentation and Classification." *Under Review*, 2026.

A. Fateh, Y. Rezvani, S. Moayedi, **S. Rezvani**, F. Fateh and M. Fateh. "BRISC: Annotated Dataset for Brain Tumor Segmentation and Classification with Swin-HAFNet." *Scientific Data*, June 2025.

S. Rezvani, M. Fateh, A. Fateh and Y. Jalali. "FusionLungNet: Multi-scale Fusion Convolution with Refinement Network for Lung CT Image Segmentation." *Biomedical Signal Processing and Control*, March 2025.

S. Rezvani, F. Soleymani Siahkar, Y. Rezvani, A. Alavi Gharahbagh and V. Abolghasemi, "Single Image Denoising via a New Lightweight Learning-Based Model." *IEEE Access*, August 2024.

S. Rezvani, M. Fateh and H. Khosravi, "ABANet: Attention Boundary-Aware Network for Image Segmentation." *Expert Systems*, May 2024.

ACADEMIC EXPERIENCE

Seoul National University of Science and Technology (SeoulTech), Seoul, South Korea

Lab Leader / Graduate Research Assistant (RA) / Teaching Assistant (TA) Sep. 2026 – Present

- Fully funded RA and TA handling laboratory management, project leadership, and instructional support.
- Oversee daily lab operations, coordinate research workflows, and guide junior researchers in AI and computer vision domain projects.

CVLab, Shahrood University of Technology, Shahrood, Iran

Research Assistant

Dec. 2023 – Aug. 2026

- Researched advancements in computer vision architectures and mentored M.Sc. students.

Research Assistant

Dec. 2021 – Sep. 2022

- Researched image reconstruction techniques as part of M.Sc. thesis research.

Teaching Assistant

Deep Learning	Spring 2022
Computer Networks (Undergraduate)	Fall 2019
Advanced Software Engineering (Undergraduate)	Fall 2019
Computer Architecture (Undergraduate)	Fall 2018
Database Systems (Undergraduate)	Fall 2017, Fall 2018

WORK EXPERIENCE

Shahaab Co., Shahrood, Iran

Role: *Computer Vision Software Engineer*

Project: License Plate Recognition Software Jun. 2019 – Dec. 2023

- Developed desktop software connecting to CCTV cameras for real-time license plate recognition and data storage.
- Maintained and optimized core recognition modules.
- **Technical Skills:** C#, SQL

Hookan Salt Factory, Shiraz, Iran

Role: *Computer Vision Software Engineer*

Project: Salt Impurity Sorting System Nov. 2020 – Sep. 2021

- Designed real-time image processing modules to detect salt impurities during manufacturing.
 - **Technical Skills:** OpenCV, Python, C#, C++
-

LANGUAGE PROFICIENCY

IELTS (Academic): 7.0 (Overall)

- Listening: 7.5, Speaking: 6.5
 - Reading: 7.5, Writing: 6.0
 - Test Date: 09/30/2024
-

PROGRAMMING SKILLS

- **Languages:** Python, C++, C#
 - **Machine Learning & Frameworks:** PyTorch, TensorFlow, Scikit-Learn, NumPy
 - **Computer Vision:** OpenCV
 - **Databases:** Microsoft SQL Server, MySQL
-

HONOURS AND AWARDS

Canada Impact+ Research Training Award (CIRTA) - NSERC/Tri-Agency	2025
Recipient of Global Korea Scholarship (GKS) for Ph.D. Studies	2025
Member of Iran's National Elites Foundation	2023

CERTIFICATIONS

AI for Medical Diagnosis, DeepLearning.AI, Coursera	2023
Python Project for Data Science, IBM, Coursera	2022
Generative Adversarial Networks (GANs) Specialization, DeepLearning.AI, Coursera	2022
Machine Learning, Stanford University, Coursera	2021
